Focus Group Pre-Survey

This is a pre-survey for the focus group session we will be conducting in the coming days. Please answer all the questions to help us prepare for the session.

* Zorunlu soruyu belirtir

1.   E-posta *

   _____

2.   1. Which **version control system** (VCS) does your team utilize?

   _____

3.   2. Which **bug tracking system** do you currently use for managing software issues?

   _____

4.   3. Have you ever used any **visualization based software tools** before?

   Yalnızca bir şıkkı işaretleyin.

   ◯ Yes

   ◯ No

5.   What role do you think **visualization** plays in gaining insights into your software projects?

   Yalnızca bir şıkkı işaretleyin.

	1	2	3	4	5	
Not	◯	◯	◯	◯	◯	Very much so

6.   5. What types of **software artifacts** do you regularly interact with or work on in   *
      your projects?

      Uygun olanların tümünü işaretleyin.

      ☐ Source code file
      ☐ Documentation (e.g., requirements documents, design specifications)
      ☐ Bug reports and issues
      ☐ Test cases
      ☐ Commit
      ☐ Models and diagrams (e.g., UML diagrams, flowcharts)
      ☐ Build artifacts (e.g., compiled binaries, executables)
      ☐ Pull request
      ☐ Deployment artifacts (e.g., configuration files, deployment scripts)
      ☐ Diğer: _____

7.   6. Do you use **any external software analysis tools** to find knowledgeable
      developers in a project for expert or code reviewer roles?

      Yalnızca bir şıkkı işaretleyin.

      ◯ Yes
      ◯ No

8.   7. How familiar are you with **process smells/anomalies** (bad practices) ? *

      Yalnızca bir şıkkı işaretleyin.

      ◯ I have not heard about process smells.

      ◯ I have heard about process smells.

      ◯ I am knowledgeable about process smells.

      ◯ I am very knowledgeable about process smells.

      ◯ My development process already includes steps to detect and correct process
        smells
